SHEET 01 · WINDOW ELEVATION · ALL SIZES IN MM

# MEASURE YOUR OWN WINDOWS. TAKE AN EXTRA 10% OFF.

Custom-made blinds at factory prices, sold direct in Durban and Pinetown. Measure with the rules below, send us your sizes, and we quote **by email or WhatsApp**. The quote is free.

Start my measurement sheet →

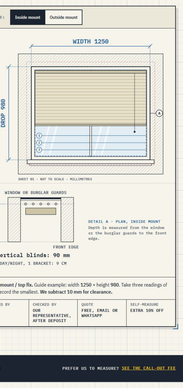

Read the rules first

**10** % OFF
Extra discount when you send your own measurements.

**3**×
Measure each window three times and record the smallest.

**60** mm
Minimum sill depth to mount inside. Vertical blinds need 90 mm.

**3** YEARS
Carry-in guarantee on your blinds.

**Vertical blinds: 90 mm**
DAY/NIGHT, 1 BRACKET: 9 CM

**Inside mount / top fix.** Guide example: width 1250 + height 900. Take three readings of each, record the smallest. **We subtract 10 mm for clearance.**

## SHEET 02 THE MEASURING RULES

READ THIS FOR THE 10% DISCOUNT

If you are measuring to get the **10% self-measuring discount**, this page is essential reading. All measurements are in millimetres.

### 01 CHOOSE HOW IT MOUNTS

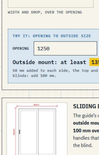

**Inside mount / top fix** or **outside mount / face fix.** Inside mount is the most popular because your blinds are out of the way.

INSIDE MOUNT · OUTSIDE MOUNT

### 02 CHECK THE DEPTH

To mount inside you need a depth of **at least 60 mm** inside your windowsill, from the window or bubblar boards to the edge. **Vertical blinds need 90 mm.**

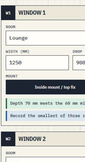

TAPE AGAINST THE SILL EDGE

The Day/Night roller system with one bracket (two rollers on one bracket, inside the sill) needs **9 cm**.

### 03 INSIDE MOUNT: MEASURE 3×

Measure every window, as sizes may vary due to plastering. Take **three measurements for width and height, and record the smallest.** We subtract 10 mm for clearance. Guide example: width 1250 + height 980.

THREE WIDTHS, THREE DROPS

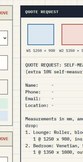

TRY IT: RECORD THE SMALLEST

| | | | |
|---|---|---|---|
| WIDTH | 1253 | **1250** | 1256 |
| HEIGHT | 982 | **980** | 984 |

**Record: 1250 × 980 mm**
The smallest of each set. We subtract 10 mm for clearance.

### 04 OUTSIDE MOUNT: ADD THE OVERLAP

Measure the width and drop, **adding at least 50 mm to each side, top and bottom.** For vertical blinds, add 100 mm. Guide example: width 1150 + drop 1080.

WIDTH AND DROP, OVER THE OPENING

TRY IT: OPENING TO OUTSIDE SIZE

| | | |
|---|---|---|
| OPENING | 1250 | 980 |

**Outside mount: at least 1350 × 1080 mm**
50 mm added to each side, the top and the bottom. Vertical blinds: add 100 mm.

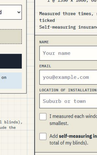

### TILES OR GRANITE AT THE SILL

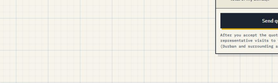

If tiles or granite stick out at the side of the sill and would be in the way when the blind closes, you have two choices:

**1.** Measure the width up to the tiles. You will have a small opening at the sides of the blind.
**2.** Measure the tiles as a cutout in the blind. **Cutouts are an extra cost.**

### SLIDING DOORS

The guide's diagram says it is best to use an **outside mount** for a sliding door and go **100 mm over the sides and top**, to avoid door handles that stand out and get in the way of the blind.

## SHEET 03 YOUR MEASUREMENT SHEET

BUILDS YOUR QUOTE REQUEST

Add each window, one row per blind. Your sheet turns into a quote request beside it. The two rows below are guide examples: overwrite them.

MEASURE, RECORD, SEND

**W1 WINDOW 1** REMOVE

| ROOM | BLIND |
|---|---|
| Lounge | Roller, black out |

| WIDTH (MM) | DROP (MM) | SILL DEPTH (MM) |
|---|---|---|
| 1250 | 900 | 70 |

MOUNT: **Inside mount / top fix** | Outside mount / face fix

Depth 70 mm meets the 60 mm minimum.

Record the smallest of three readings. We subtract 10 mm for clearance.

**W2 WINDOW 2** REMOVE

| ROOM | BLIND |
|---|---|
| Bedroom | Venetian, 50mm imitation wood |

| WIDTH (MM) | DROP (MM) | SILL DEPTH (MM) |
|---|---|---|
| 1350 | 1800 | inside only |

MOUNT: Inside mount / top fix | **Outside mount / face fix**

You width and drop must already include the overlap: at least 50 mm on each side, the top and the bottom.

+ Add another window

Rules checked against the measuring guide: 60 mm sill depth (70 mm for vertical blinds), size limits listed on the product pages. Outside-mount sizes must already include the overlap.

**QUOTE REQUEST** 2 WINDOWS

W1 1250 × 900 · W2 1350 × 1800

QUOTE REQUEST: SELF-MEASURED
(with 10% self-measuring discount)

Name: -

Email: -
Location: -

Measurements in mm, amount of blinds @ width x drop:
1. Lounge: Roller, black out
   1 @ 1250 × 900, inside mount, sill depth 70 mm
2. Bedroom: Venetian, 50mm imitation wood
   1 @ 1350 × 1800, outside mount

Measured three times, smallest recorded: not ticked
Self-measuring insurance: not requested

NAME: Your name
PHONE: Your number
EMAIL: you@example.com
LOCATION OF INSTALLATION OR DELIVERY: Suburb or town

☐ I measured each window three times and recorded the smallest.
☐ Add **self-measuring insurance** to my order (3% of the total of my blinds).

**Send quote request**

After you accept the quote and pay the deposit, a representative visits to verify your measurements (Durban and surrounding areas).

## SHEET 04 IF IT GOES WRONG: COVER

FROM THE TERMS AND CONDITIONS

### SELF-MEASURING INSURANCE

ASK FOR IT

If you measure yourself, follow "How to Measure" carefully, and to cover yourself ask for self-measuring insurance to be added to your order. **If you don't ask for it we are not responsible if mistakes are made.**

| 3% | 30% | 60 mm |
|---|---|---|
| of the total amount of your blinds | most we replace, of the number of blinds on the order | the most a blind can be cut to |

EXAMPLE: IN AN ORDER OF 10 BLINDS WE REPLACE NO MORE THAN 3

**30 MM AT MOST**

A MEASURING ERROR OF NO MORE THAN 60 MM PER BLIND

### 3-YEAR CARRY-IN GUARANTEE

ON ALL BLINDS

1. **Spot a factory fault?** Take a photo and send it to us.
2. **We tell you which route it takes.**
   - AT THE FACTORY: You bring the blind to our offices (carry-in).
   - ON SITE: We send a technician, within a 50 km radius of our offices.
3. **Double quality check.** Every blind gets one. If you break anything while fitting, bring it in and the repair is free of charge.

**No returns.** Because all our blinds are custom-made, we don't accept returns. That is why the measuring rules matter.

## SHEET 05 BLIND SCHEDULE

MEASURING NOTES BY PRODUCT

What you are measuring for. Prices depend on your measurements, so there is no price list: send your sizes and we quote.

| BLIND | SIZES AND MEASURING NOTES |
|---|---|
| **VENETIAN** Selection: wood 50 mm, basswood 50 mm, aluminium 25, 35 & 50 mm, Almond | → Inside mount needs **60 mm** depth.<br>→ Aluminium 25 & 35 mm: max width **3 metres**.<br>→ Slat widths 25, 35 or 50 mm; no other maximum sizes listed. |
| **ROLLER** Light-filtering, block out, Shade Weave | → Light-filtering and block out: max **2000 × 2500 mm** (width × drop) for most groups; Arizona Block **2500 × 2200 mm**.<br>→ Shade Weave: max drop **3000 mm**. Ask us for the width limit.<br>→ Fitted inside the sill, light gaps are **25 mm** on the control side and **50 mm** on the other. A face fix **50 mm** over the edges cuts the gaps. |
| **ZEBRA / DOUBLE ROLLER** Linens with a cassette | → No size limits listed: send your measurements.<br>→ Special on the current site: 45% discount incl. cassette, **3000 × 1900 mm** = **R900**. Ask if it is still on. |
| **DAY / NIGHT ROLLER** One Shade Weave + one block-out roller | → 1 bracket system, inside the sill: needs **9 CM** depth.<br>→ 2 bracket system: sunscreen roller inside the sill, block-out roller outside, measured **5 CM** over the sides. |
| **VERTICAL** With chains, chainless, Cutti Voile | → Inside mount needs **90 mm** depth. Outside mount: add **100 mm**.<br>→ Curti Voile: up to **five metres** wide on a single track. |
| **PANEL** Material or bamboo | → Individual panels: **450** to **1200 mm** wide.<br>→ Side opening or centre opening, for sliding or folding doors. |
| **ROMAN** Tensex system | → No size limits listed: send your measurements. |
| **HONEYCOMB** Double-celled, cooled | → Windows of various sizes: send your measurements. |
| **OUTDOOR** Legrix Bamboo, Shade Weave | → No size limits listed: send your measurements. |
| **SKYLIGHT** Block out or shade weave | → Send us your measurements and a photo. |
| **SHUTTERS** Basswood, aluminium security | → Ask us how to measure for shutters. |
| CARPETS NEW | → Ask us. |

## SHEET 06 FROM SHEET TO WINDOW

PROCESS AND FEES

| | |
|---|---|
| 01 | **Choose** the type and colour on the site. We can send you samples on request. |
| 02 | **Measure** with the rules on sheet 02. |
| 03 | **Send** your sizes by this sheet, email or WhatsApp. We send a free quote by email. |
| 04 | **Accept** the quote and we send an official order. |
| 05 | **Pay the deposit.** A measurer then checks your measurements, if you are in Durban and surrounding areas. |
| 06 | **Delivery or fitting.** Delivered to any location in the country, or fitted at your home or office. |

**Prefer us to measure?** There is a cash call-out fee, **from R300** depending on distance from Pinetown. **It is refunded when you place your order.** (Self-measuring is what earns the extra 10%.)

CALL-OUT FOR MEASURING · PAID IN CASH TO THE CONSULTANT, REFUNDED ON ORDERING

| RADIUS FROM PINETOWN | FEE |
|---|---|
| Up to 30 km | **R300** |
| 30 to 60 km | **R400** |
| 60 to 90 km | **R500** |

FITTING · THE CALL-OUT FEE FOR YOUR RADIUS, PLUS

| BLINDS | FEE |
|---|---|
| 1 or 2 blinds | **R150 per blind** |
| 3 or 4 blinds | **R130 per blind** |
| 5 or more | **R110 per blind** |
| Panel blind | **R200 each** |
| Outdoor roller blind | **R500 each** |

Check your blinds after they are fitted to be sure you are happy with the job. Comebacks are charged as per call-out fee.
