LAB RANGE ASK SONJA

LIGHT LAB · AN ILLUSTRATION

Feel what the *fabric* does to the room.

Pick a fabric. Pull the blind down. Watch the light change. **Everything in this lab is an illustration of an idea,** not a technical specification and not a photograph of your window.

FABRIC

01	Block-out	Dim room
02	*Light-filtering*	Soft glow
03	Sheer	Veil of light
04	Shade weave	Glare tamed
05	Day / Night	Two rollers

BLIND DROP *62%*

DAYLIGHT IN THE ROOM: 3 OF 5 (ILLUSTRATIVE)

Illustration: glare softens and the room keeps a warm glow, with a gentle wash of light on the floor.

From the current site: these fabrics block out glare and let "a little soft light" gently filter through "for a warm inviting glow".

Illustration only. A simulation of how each type of fabric could behave, not a technical specification. Room photo from the current Blind Specialist site, edited for this concept.

THE RANGE

The range. *in light.*

A selection from the current site. Colours, material groups and sizes are on each product page. Samples can be sent on request.

01

Light-filtering roller

Blocks out glare and lets a little soft light gently filter through.

SEE IN THE LAB ↑

02

Block-out roller

Superior shading that safeguards furniture from sun damage. Bedrooms and boardrooms.

SEE IN THE LAB ↑

03

Curti Voile

Flowing fabric vanes that allow both light and privacy. Walk straight through them.

SEE IN THE LAB ↑

04

Shade Weave

Reduces heat and glare while allowing the desired level of natural light in.

SEE IN THE LAB ↑

05

Day / Night

Control the sun's glare by day and keep your privacy at night: shade weave plus block-out.

SEE IN THE LAB ↑

06

Zebra

Stripes of translucent and opaque fabric. Stop the blind where you like for an open or closed effect.

07

Honeycomb

Double-celled to trap air, for heat and sound insulation. Opens from the bottom or the top.

08

Roman

Non-stitch groove system: straight folds and clean horizontal lines.

09

Venetian

Tilt the slats to steer the light and the privacy.

10

Bamboo roller

Bamboo, rattan, jute, grass and reeds: rich natural textures and colours.

11

Panel blinds

For sliding doors and larger windows, in material or bamboo.

12

Outdoor Shade Weave

Manages heat and glare on your patio while maintaining your view.

Also made Honeycomb and Roman blinds Basswood and aluminium shutters Skylight blinds Laguna Bamboo outdoor rollers Carpets: new — ask us

Samples

See and feel the fabric first. Samples can be sent on request.

Measure

Send your own measurements for an extra 10% discount, or ask for a measuring visit: call-out from R300, refunded when you order.

Quote

Free, by email or WhatsApp. Custom-made at factory prices, delivered to any location in the country.

Guarantee

A 3-year carry-in guarantee on all blinds. Fitting is available in Durban and surrounding areas.

Found a light *you like?*

Tell Sonja which fabric you were drawn to and send your window sizes. She replies with a quote. This form is a design mockup, so for now reach her directly.
